## Some formulas

You can write some formulas

$$x^2 + y^2 = 1$$

$$x(t) = x_0 e^{rt} + \int_0^t e^{r(t-s)} f(s) ds$$

and some alerted text.

## A TABLE

This is an example for a table with text

Right-aligned	Left-aligned	Centered
first entry	data 1	gray
second entry	data 2	red
